

Spider Pop

Supplies

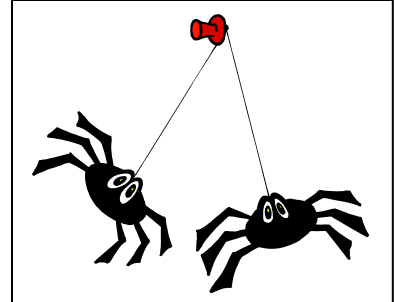

2 Black Chenille Stems

1 Tootsie Pop Sucker

2 Wiggle Eyes 7mm

Wire Cutters

Aleene's Quick Dry Tacky Glue

Cut each chenille stem in half. Center the Tootsie Pop stick on a chenille stick and wrap the chenille once around the stick in each direction to make legs. Bend each leg to form a knee, and at the end to form a small foot. Repeat for each stem until you have 8 legs. Glue 2 wiggle eyes on the stem body and enjoy your tricky spider pop.

Now find someone to scare!!!
