

# Learn to make An Easy Wine Bag

This is so easy it'll practically be done before you start! Make one for yourself or use one to wrap a special gift bottle.

## Materials:

2 fat quarters or  $\frac{1}{2}$  yd. each of two fabrics  
(1 piece will be for the outside of the bag and the other will be the lining.)

Thread to match or blend

Ribbon – 1 yard 1" wide

Any embellishments you may wish to add

## Store locations

## Instructions:

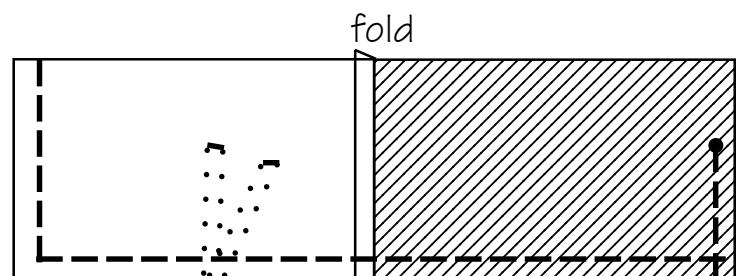

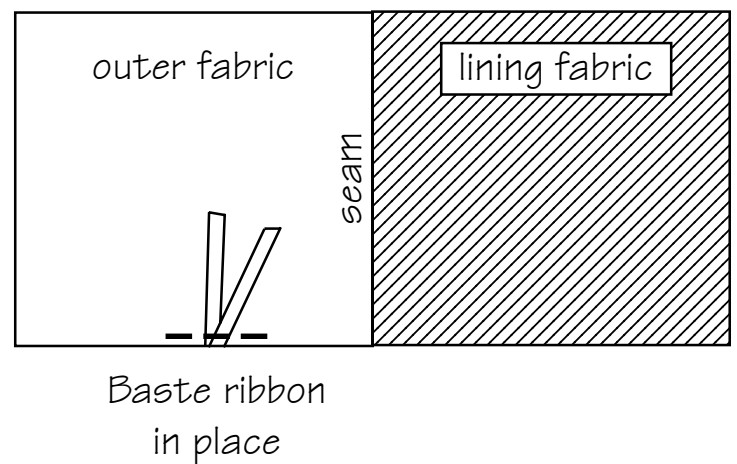

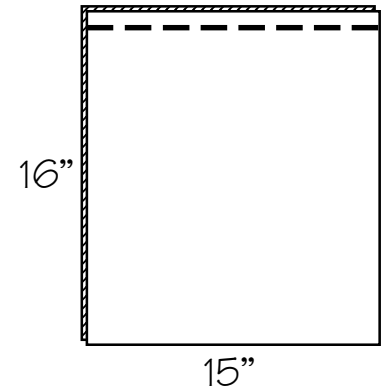

1. Cut one piece 16" long by 15" wide out of the bag fabric and the lining fabric.

2. With right sides together, sew the two pieces together at one of the ends measuring 15" across. (This will be the top of the bag.) Press the seam.

3. Open up the seamed piece and lie flat, right side facing you. Fold the ribbon in half and lay the fold along the raw edge, about halfway down, of the bag fabric.

4. Fold the fabric lengthwise, right sides facing each other. Sew the entire length of the bag and lining, catching the ribbon in the seam. Sew across the bottom of the bag fabric, sew across the bottom of the lining half way.

5. Turn right side out and slipstitch the bottom of the lining shut. Push the lining into the bag. Press.

You can embellish your wine bag in any number of ways. Here are some ideas:

- Add piping or beaded trim when you sew the two pieces together (step 2)
- Paint or stencil the outer fabric before sewing
- Make bag out of velvet you emboss yourself (just lay a rubber stamp stamp-side-up on the ironing board. Lay velvet face-down over stamp. Mist and press using a wool setting until the design is embossed in the fabric. This works best with rayon blend velvets, and chunky stamps.
